### Bank Teller

Emprise Bank

### Intern

Herizon Productions

As an intern at Herizon Productions I worked over 160 hours in the production of a documentary series by working on set, organizing archival materials, creating call sheets, transcribing videos, and communicating with the production team. This experience helped me better understand what it is like to be on a professional set and how important it is to organize materials for a film.

### Student Ambassador

Barton Community College

As a Student Ambassador, I gave prospective students of Barton Community College tours of the campus and housing facilities. This job helped me develop my organizational skills as I assisted in hosting and planning events for future students. This experience helped me better understand how to work with anyone from business professionals, to parents, and other students.
